Open to software engineering roles in the UK — hybrid, remote, or on-site.

chintanpanchal63@gmail.com · 07880 039122 · +44 7880 039122 · LinkedIn · uncodeworld.com

PROFESSIONAL PROFILE

Computer Science postgraduate focused on **scalable architecture** and **cloud-aware delivery**. Shipped and improved **ERP-style systems** for education (Laravel, MySQL); build modern full-stack products with **React, Next.js, TypeScript**, and **PostgreSQL**, with auth, APIs, and deployments on **AWS** and **Azure**. Currently delivering **web and brand work** in a digital agency alongside independent builds — strong on testing, documentation, and stakeholder handover.

LinkedIn top skills: Dashboard building · Branding · Product development

TECHNICAL SKILLS

Front end	React, Next.js, TypeScript, JavaScript, HTML/CSS, Tailwind CSS, Vite
Back end	Node.js, REST, Prisma, PHP, Laravel, Ruby on Rails, Flask, Django
Data	MySQL, PostgreSQL, SQL

EMPLOYMENT HISTORY

UK Digi Tech Ltd — Graphic Designer

June 2025 – Present · London area, UK

- Web-ready graphics and layouts; align creative work with marketing and development for production-ready delivery.
- Optimise assets for performance and responsiveness across devices.
- Led design for a major client site — ~25% increase in user engagement and stronger lead generation.
- Adobe Creative Suite (Photoshop, Illustrator, InDesign).

The Study Room Tuition Centre — Assistant Manager

January 2023 – November 2023 · Greater London, UK

- Scheduling (trials, make-ups), parent/student communications, records and enrolment.
- Recruitment, training, mentoring; budgeting and spend monitoring assistance.
- Programme and strategy input to improve learning outcomes.

The Study Room Tuition Centre — Web Developer Intern

June 2022 – January 2023 · London, UK

- End-to-end contribution to an ERP-style system on Laravel; data integration and UX.
- PHP (Laravel), MySQL, Apache; testing, debugging, and stability-focused delivery.
- Structured data gathering; integrated datasets with integrity and clear access patterns.
